

Central Catholic has created a virtual bookstore to communicate which courses have required textbooks. Through the link below you will find each of the departments with course listing and required texts. Please use your class schedule to search for courses to find which textbooks you will need to purchase.

Required textbooks need to be purchased and delivered by September 5th, 2023 to ensure students are able to participate in their courses effectively.

[To find your textbooks, click HERE](#)

If you have any questions about textbooks, please contact the teacher of your course.

If you need financial assistance for purchasing textbooks please contact Lupe Alejandro (Tellez) billing@centralcatholichigh.org

Returning Students: Please look out for further information about the textbook exchange happening during the first week of school.

We encourage students to bring their devices/laptops to school every day so they can access their ebooks in school. If you are in need of a laptop, please know we have some available to borrow. Long-term loans of devices can be requested through helpdesk@centralcatholichigh.org. Laptops are available in the library if you need to borrow one for the day. Cellphones may not be used as the students' primary device during class time.
